The European Narcolepsy Network - EU-NN - is a European non-profit organization whose mission is to increase public awareness about narcolepsy and to support research and new initiatives to treat and to improve the quality of life for everyone affected by narcolepsy.

About EU-NN

EU-NN was established in 2009 by the initiative of several European sleep specialists with special interest in narcolepsy. Since then, EU-NN organizes public and scientific events across Europe. One of the major events is the [European Narcolepsy Day](#), organized on March 21th in a European city.

The EU-NN has numerous [Members](#), representing all major European sleep laboratories involved in the diagnosis and treatment of narcolepsy as well as narcolepsy research.

EU-NN has established a [European Narcolepsy Patient Database](#), where all possible information about patients diagnosed in Europe are centralized, to help better characterization, evaluation, treatment, and to help research in the field.

EU-NN has also sponsored several important research projects by European sleep laboratories, leading to major [discoveries](#).

EU-NN is also involved at the European level in all potential medical regulations in the diagnosis and treatment of narcolepsy.
