

Preliminary Agenda for the  
**CCCC Workshop on**  
**„Hematological Malignancies – Translating Preclinical Findings into the Clinic“**

Feb 13, 2014, from 14:00 to 19:00 at the CCCC, Charité Campus Mitte

Intro/Welcome (14:00 -14:15)

Session I „Lymphoma“ (14:15 – 15:15)

1. Dido Lenze (Pathogenesis, Molecular Diagnostics)
2. Stephan Mathas (Clinical Implications of Transdifferentiation in Lymphoma)
3. Georg Lenz (Novel Treatment-Relevant Pathways in Lymphoma)
4. Clemens Schmitt (Conceptually Novel Treatment Approaches)

Break (15:15 – 15:45)

Session II „Acute Leukemias“ (15:45 – 16:45)

1. Thomas Burmeister (Molecular Pathogeneses and Diagnostics in MDS, MPS, and Leukemias)
2. Claudia Baldus (Molecular Targets in Adult ALL)
3. Renate Kirschner-Schwabe (Molecular Lesions in Childhood ALL)
4. Jörg Westermann (Genetic Diversity in Acute Myeloid Leukemia: Too Many Targets to Hit?)

Break (16:45 – 17:15)

Session III „Clinical Translation“ (17:15 – 18:00)

1. Ioannis Anagnostopoulos (Biomarker)
2. Antonio Pezzutto (Early Phase Clinical Trials)
3. Julia Kase or N.N. („VeRiCHOP“ IIT as an Example)

Concluding and Inspiring Discussions (18:00 – 19:00)
